Our Mission, Vision & Values

Our Mission, Vision, and Values are the foundation of everything we do at our company. We are committed to providing our customers with the best possible service and products while maintaining our dedication to our core values. We take pride in our integrity, honesty, and accountability and strive to be a company that is known for its exceptional customer service and innovative thinking.

OUR PRODUCTS

WE HAVE ESTABLISHED OURSELVES AS ONE OF THE LEADING EXPORTERS OF QUALITY PRODUCTS FOR OVER A DECADE.

COFFEE BEANS

At our core, we're committed to sourcing high-quality coffee beans direct from partner farms. Our global operations export coffee to roasters and importers. We cover all coffee logistics for a seamless journey from farm to cup. We enhance post-harvest processing for better coffee quality.

Our dedication to the coffee community sparks impactful projects, creating markets and sharing knowledge for mutual benefit. Our aim: an economically feasible, environmentally friendly coffee supply chain. Through SICC Labs, we invest in grassroots research on climate-resilient, minimally intervened coffee species, embodying our innovation and sustainability commitment.

SPICES

SSM Impex Trading LLC has built its reputation over the years with a huge customer base worldwide. We offer a wide range of products without compromising on the quality. On time delivery to our global clients is highly prioritised, hence we work round the clock for speedy completion of orders.

Procured From the Finest Producers...
PACKED AND DISPATCHED WITH PERFECTION

MEP Design

To provide a competitive and attractive product portfolio in the real estate market, it is important for designers, installers, as well as building owners and operators to ensure the reliability and cost-effectiveness of their building systems.

MEP design refers to all mechanical, electrical and plumbing infrastructures that exist within a building. It is essential for an MEP framework to be constructed according to best practice to make sure that safety and financial concerns are fully taken into account. The optimum design and installation of MEP systems are essential to the smooth operation of any building, from construction to completion, and can have an impact on energy efficiency and operating costs. Incorporating sustainable design from the onset allows you to establish your business commitment to protecting public health and the environment.

QUALITY ASSURANCE

WE HAVE A FORMALIZED SYSTEM TO CAREFULLY SCRUTINIZE ALL OUR PRODUCTS TO COMPLEMENT THE NEEDS OF OUR CLIENTS.

STAGE 1 : FARM VISITS

The process of quality check starts right from the farm. We have a dedicated team that goes on farm visits throughout India and interacts with farmers to obtain their opinions and on the quality of soil and suitable weather conditions for new crops further post to the visit we proceed for the raw material acquisition as at SSM Impex Trading LLC, We believe , Quality is a necessity , Not an Option.

STAGE 3 : SHIPPING

We use here third party certification and also in house checklists to inspect every container We ship the cargo. All containers are thoroughly checked to meet the food safety standards before transportation

STAGE 2 : PROCESSING

we have a team of specialists wholly for processing, Packing and Loading. Throughout the procedure we are extremely alert to make sure no extraneous matter are spotted in our Cargo with very careful manner and care .
